The YU.Drain FastDrain 75 Inspection hatch comprises three components in one package, which are particularly easy to assemble during installation.

This contains a unit comprising a bottom component with a drain outlet with a diameter of 50mm (including 2 conduit connectors), an outer frame (to be glued to the bottom component) and an internal compartment (including 2 DCT caps).

When it is linked to the conduit, the inspection hatch is perfectly in line with the groove of the conduit.

This item does not include the DCT set of spanners enabling you to raise the internal compartment from the outer frame.

MATERIAL PROPERTIES

Material:	Anodized aluminium (Ano 20micron)
DCT cap :	Stainless steel 1.4057
Channel connection :	PVC
